

Statistics 2015 of ePURE – European renewable ethanol, Brussels

Copartner is mandated by ePURE to collect and to aggregate data from the individual member companies according to ePURE's statistical exercise manual. We confirm that we conduct our business within the framework of applicable professional standards, laws, regulations, internal policies and Copartner's Code of Conduct.

In addition, the ethical rules of Copartner and professional standards require that we maintain a strict standard of confidentiality towards information obtained during the course of carrying out our professional duties, and that we maintain independence of interest and impartiality in our relationships with clients.
